Headquartered in London, Kentucky since opening its doors in 2003, **Senture** specializes in providing contact center services and business operations support to government entities – federal, state, and local – and government employees or beneficiaries, including those using Medicare or Medicaid.

With over 4,500 employees across 25 states, **Senture** employs over 2,000 Kentuckians. **Senture** also operates a facility in McAllen, Texas, employing 1,400 Texans. In response to COVID 19, **Senture** became a leader in transitioning to a predominantly remote workforce without sacrificing quality. Today, 95% of **Senture's** workforce continues to enjoy the benefits of working from home. From humble beginnings, **Senture's** talented workforce helped the company grow to become an industry leader. In December 2021, **Senture** became a whole-owned subsidiary of Teleperformance Group, a global digital business services company with more than 380,000 employees in over 80 countries.

Senture was recognized seven times as among the “Best Places to Work” in Kentucky and has been recognized as a “Great Place to Work” by World’s Best Workplaces since 2022.

Senture is respected for its ability to quickly recruit quality employees and is always searching for the best talent. With contact center positions paying over \$20 per hour, including a benefits stipend, and numerous other positions, ranging from I.T. to quality and training support, there are many opportunities to join **Senture**. Anyone interested should visit our website, www.senture.com, to learn more and apply.

Women in Business July Power Hour

Our Women in Business group held their July Power Hour at Kentucky Highlands Investment Corporation. The topic for this month’s meeting was “Time Matters: Painless Productivity Hacks with Dr. Sandi Curd.”

As Kentucky Highlands Investment Corporation’s Engagement Director, Dr. Sandi Curd brings a wealth of experience and expertise to the topic of time management. She has honed her skills in managing time effectively while juggling numerous responsibilities. Her insights are drawn from her extensive work with local governments, education, healthcare, economic development, and various other sectors.

Tips from Dr. Curd’s presentation:

- You can do anything, but you can’t do everything. Don’t lose your life in perfectionism, have excellence!
- Funnel ways that people contact you, so you can save time by checking one platform all at once.
- Practice habit stacking by determining the best time to accomplish a new habit that coincides with an existing routine.
- Convert your pain point into a better system to alleviate the difficulty or lessen the time dedicated to the task.

Make plans to join us for our August Power Hour on Tuesday, August 13th at 8:30 am at Wal-Mart DC.
